The News.

The telegraph brings us an account of a revolting tragedy, which took place in the City of New York, right before last. A young man of respectable family, named Gourlino, it appears, attempted to murder his father, mother, two sisters, two brothers and two servant girls, and then blew his own brain out. The father, one of the sons and the two servant girls are horribly butchered, so that no hopes are entertained of their living, and most of the other members of the family were frightfully wounded. The murderer was a very dissipated young man, and it is said committed the horrible deed from motives of revenge.

CARL SCHURZ COMING.

We learn that Carl Schurz, the eloquent German politician, whom our citizens have frequently had the pleasure of hearing, will be here on Saturday, and will speak on the same evening at Market Hall, or the issues now before the people of this country. We need not bespeak for Mr. Schurz a hearty reception.

The People's Convention.

This body assembled at the Court House, yesterday afternoon. The attendance, both of outsiders and insiders, was very large, and great interest was manifested in the proceedings. There will be found elsewhere. The nominees are well-known to the people of Milwaukee. But their election is not possible, unless all who favor a change in the County Office, and all who desire Reform in our County affairs, cordially and zealously unite in their support.

MORPHY AND HARNIZ.—The Paris correspondent of the Transcript says of the termination of the late match between Morphy and Harniz:

"The match has just been settled, and Mr. Morphy declared the winner, albeit by a narrow margin. The two players had been equal in strength, but when they stood Morphy five and Harniz two, the latter gave it up, laying the blame of his defeat upon his health; but the fact is Morphy is far the better player. The match was decided by a draw, and was announced at the Cafe de la Regence, the rendezvous of the chess players here, the Americans assembled here were quite surprised in their exultation, while the Germans and the French, who had been here, Harniz, immediately struck themselves as conquerors. Still they continue to hold on, however, another person has been sent to try his hand, as playing with the formidable young American, and this person is a countryman of theirs."

DRAVEN OR ON SURFACES.—In May last, Captain Willard, a respected citizen of New York, was captured on way to the coast, and, in the escape of slaves, and ordered to leave the city. The Captain immediately sent his wife and children to Richmond, and thence wrote several letters to the Mayor of Norfolk, expressing his desire to return with his wife, so he could be assured of protection. He could, however, get nothing satisfactory from this quarter, and an appeal to Gov. Wise was equally fruitless. As a last resort, he returned to Norfolk, and was received with unanimous demonstrations that he should be an instant and hearty welcome. He now intends to institute a suit in the United States Court, in some other part of the State than Norfolk, claiming damages against the city to the amount of \$25,000.—One man of

ORGANIZE! ORGANIZE!

Once more we appeal to our Republican friends in the City and County, to ORGANIZE for the contest of Tuesday next. Without organization the Democratic majority against us in Milwaukee County must necessarily be very large. But with timely and proper effort, it can be reduced to a reasonable figure.

Three things are essential to be done and to be done quickly. These are:

1. To have a full supply of BALLOTS.

2. To make arrangements for a full vote.

3. To guard the polls against fraud.

The Republican Town, or Ward Committees, as soon as the nominations are all made, should see that the BALLOTS are printed without delay. This is too often postponed till the last day, and then, in the crowd and confusion of numerous orders, some are disappointed, and many votes lost.

See that steps are taken to get every Republi-

can to vote at the polls. A few active and zealous

YOUNG MEN in each precinct, should take this duty upon themselves. If properly attended to, it will give us 600 additional votes in this County.

Look out for ILLEGAL VOTES! At every election in this County, for the past few years, more or less ILLEGAL VOTES have been offered. If no precautions are taken to shut them out, they go to swell the Democratic majority. At every poll, therefore, let one or two resolute CHALLEN-

GERS be stationed, who will see fair play. This can be done in a manner that none can object to, who place a high estimate on the purity of the Elective Franchise. REPUBLICANS! Attend to these indispensable preliminaries without delay!

VOTE FOR JOHN F. POTTER!

Whatever you do, or leave undone, Reader, on Tuesday next, do not omit to vote for JOHN F. POTTER, as our Representative in Congress. Mr. Potter has already served the People one term in this capacity and served them well. His record is a clear one. His vote will stand every scrutiny. He has been zealous and diligent in the discharge of his duty. He has shown himself to be "honest, capable and faithful to the Constitution." He has acquired valuable experience and made many useful friends in Congress. No man questions his integrity or doubts his pluck. He deserves a triumphant election.

NOTE FOR JOHN F. POTTER!

The Appointment of J. CLINTON JONES.

The appointment, by the President, of J. CLINTON JONES, of Pennsylvania, as Minister to Austria, and Mr. HUGHES, of Indiana, Minister to Russia, immediately upon the election of these two gentlemen by their respective constituents, is not more warmly condemned by the Republicans than it is zealously defended by the Democratic press. Our neighbor, the News, for instance, justifies and applauds the executive action in these cases.

THE MINISTER TO AUSTRIA.—The opposition to the appointment of Mr. Jones, as Minister to Austria, is mainly in his congressional district, constitutes an insuperable objection to his appointment to any other office under the federal government.

We repeat, that Mr. Jones did not come forward as a candidate for the appointment, but as a candidate for minister to Austria, but for con-

gress, before the people of Berks county, and the people of Berks county are no more interested in our foreign minister than the people of any other congressional district in the United States.

It had been a popular, though not a unanimous, opinion that Mr. Jones would be appointed to the office of Minister to Austria.
